Summary

A data scientist and statistician passionate about revealing insights and building data-driven solutions. Areas of competencies include big data analytics, programming languages, and software such as Python, R, MySQL, Excel, Power BI—with over 2 years of experience in Data Science. Be it in-depth analysis of complex datasets or development of intuitive visualizations, I believe in delivering high-quality, impact-oriented solutions that ensure informed decisions are made.

Education

Moi University

B.Sc Applied Statistics with Computing
Degree
2021-2024

Ramba Boys High School

B(plain)
Certificate
2016-2019

ST. Alloys Ojolla Primary

B+
Certificate
2007-2015
